

ARCTOS Secretariat meeting 04/02-2020 minutes

Present: Jørgen Berge (Skype), Rolf Gradinger (Skype), Haakon Hop (Skype), Eva Leu, Ulrike Grote (minutes)

Agenda:

1) ARCTOS Days

The representatives present agreed that we would have a similar program as during the last years, with presentations by (new) members and students, a poster session and time for socializing. In addition, JB suggested using ARCTOS Days to prepare the article that the cruise participants will write after the ARCTOS cruise. EL suggested to have people involved give short introduction talks about their respective fields in connection to research done on the polar front. The following program was suggested:

Tuesday, March 10

- Presentations by new members
- Student presentation
- Reports from PhD and Postdoc workshop
- News/reports from secretariat
 - Report YSF
 - Leadership change
- Short presentation of the upcoming cruise and context (Stig? Rolf?)
- Poster session

Wednesday, March 11

- Polar front presentations and invitation to joint article writing
 - Haakon Hop: Polar front vs. ice edge/MIZ – definition, differences, political implications
 - Eva Leu: Phytoplankton and production at the Polar front (what do we know?)
 - Sünnje Basedow: Zooplankton at the Polar front/ Malin Daase: old zooplankton data
 - ???: Physical oceanography at the Polar front (ask Finlo for skype presentation)
 - Lionel: gliders?
